So her window had to get replaced by a piece of wood. It was replaced the day after it broke! Look at the amazing photos of the progress on the construction!**

# MOCK INTERVIEW DAY

This last week the senior class took part in their annual mock interview. They went in groups of five to the The Colonia Building (the hotel) and were sat in front of a panel of three people who would give them a fake job interview. Afterward they are graded on their overall performance and whether or no the panel members would hire them. This is done so all the seniors who are heading into the job force will be well prepared for whatever they face.
